Daytime Phone _____ Email _____

Address of Subject Property _____

Attach a current plot map showing the location of the proposed shed along with all other structures on the property. If the shed is over 200 sq. ft. in size, provide two (2) copies of scale construction drawings. Your plan will need to indicate the locations, spacing and sizes of your frost footings, framing and electric details (if applicable) for the inspectors to be able to make sure it meets structural code requirements. You will be expected to specify what types and grades of materials you are using for the construction and what kind of hardware and fasteners you plan to use. Addition information may be required to determine compliance with the Zoning Code by the Planning and Zoning Administrator.

I certify that the information provided with this application is correct and accurate to the best of my ability.
